

DJ RICHARD JAMES

indie • electropop • new wave • post punk • alt rock • cool pop • northern soul...

I am an indie/alternative DJ originally from London and now based in Leeds city centre.

I play stuff from the latest bands, dance-floor anthems, cool album tracks, remixes and cover versions, plus... electropop (*Crystal Castles, Hot Chip, Metronomy...*), Britpop (*Blur, Oasis, Pulp, Suede...*), alt. rock (*Hole, Nirvana, Pixies...*), alternative 80's/post punk (*The Cure, Gang Of Four, Joy Division, The Smiths...*), 80's pop/synthpop (*Duran Duran, Human League, Soft Cell...*), new wave/punk (*Buzzcocks, The Clash, Sex Pistols, Ramones...*), classic rock (*Aerosmith, Deep Purple, Led Zeppelin, Queen...*). I can also throw in some cool pop, rock n roll and a bit of Motown/northern soul.

I have built up an extensive music collection, which I keep bang up to date, and have played at various city centre bars in Leeds, as well as playing in various London venues.

I DJ with a MacBook Pro and Pioneer DDJ-SR controller with Serato software. I also have Pioneer CDJ-350 CD decks and DJM-400 mixer.

So whether you are looking for a DJ for your pub or bar, to play between or after bands at gigs, for club nights, student nights, events, after show parties, corporate events, or private functions (*birthdays, cool weddings, etc...*) give me a call...
